

PREPARING FOR YOUR PROCEDURE

Ambulatory Anesthesia Care will be assisting your provider during your upcoming procedure. Your physician will share your contact information with us so that we can communicate important instructions and reminders to you via text messages.

Text messages do **not** contain protected health information. Patients who do not wish to receive messages can reply **STOP** at anytime to stop receiving messages.

You will receive a text message prompting you to login to our **secure** portal and provide your medical and surgical history, allergies, and medications. Once you receive this text, please:

- Click on the link and enter your last name and date of birth.
- Read the forms on our home page to help you prepare for your visit.
- Click “Start Here” to complete your medical history and confirm your insurance information.

Our pre-operative nurse will reach out if any additional information is needed.

Pre-Op Questions? Visit www.aac-md.com or call us at 253-799-5087.
